

# Workplace Giving

## **BENEFITS INVOLVED**

**86% of employees feel proud to work for their company because of a sponsored workplace giving program\*.**

Workplace Giving is a simple, tax effective way for staff to give to a charity of their choice. It's a powerful way to donate as the smaller, regular donations translate into significant annual income for Mums Supporting Families in Need (MSFIN).

Many companies 'match give' the donations made by staff, which doubled the impact for supporting vulnerable families in crisis with essential material aid.

### Workplace Giving Benefits to Business

- Supporting employees to do something they really care about
- Increases staff morale, loyalty and a culture of giving
- Demonstrates community engagement and fulfilling your corporate social responsibility
- No cost and minimal payroll administration

### Workplace Giving Benefits to Employees

- Immediate tax benefit - donations are taken pre-tax, which means you pay less tax and you don't have to collect receipts
- 100% of your donations goes to support vulnerable families in need
- Doubling your donation - if your company matches your donation, you are doubling the impact for families in need.

### Workplace Giving Supports MSFIN

- 100% of donations comes to MSFIN
- Workplace Giving provides recurrent funding
- Workplace Giving helps us plan for the future based on regular, predictable donations
